

SmartCells

ADVANCED CUSHIONING TECHNOLOGY

DUNS NUMBER: 792659500

CAGE CODE: 45Y87

SMALL BUSINESS

PRIMARY NAICS CODES:

326299 All other rubber products.
Footwear parts, insoles.

337127 Institutional Furniture

337214 Office Furniture

339113 Surgical Supplies

Product Overview

- Ergonomically engineered mats, flooring, and insoles.
- Patented technology to increase comfort and reduce foot, leg and back pain caused by prolonged standing.
- Static Safe ESD and Anti-Microbial options
- **8 year warranty**

SmartCells Cushioning Technology

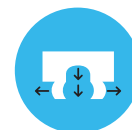

- Designed to provide stable support while standing, to cushion upon impact, and to rebound for energy return.
- Engineered for workers to stand comfortably for long periods of time while minimizing fatigue and pain associated with standing work.
- Manufactured from durable compliant rubber
- Constructed with a matrix of hollow cylinders that function like springs when compressed and provide responsive energy not found in any other anti-fatigue products
